Objective

A detail-focused Web Developer with hands-on experience in PHP, MySQL, HTML, CSS, and JavaScript. Enthusiastic about creating responsive web applications and optimization for performance. Looking for the opportunity to execute my skills with learning and personal growth in an active development team.

Education

Sree Saraswathy Thyagaraja College
BSc Artificial Intelligence and Machine Learning

Coimbatore, Tamil Nadu 2020-2023

Experience

Software Developer Intern
Ethicfin

Kozhikode, Kerala Feb-2025

- Developed and maintained dynamic web applications following the MVC architecture using PHP (CodeIgniter 3) and MySQL.
 - Implemented CRUD operations for managing user data and product listings in an e-commerce system.
 - Developed an e-commerce website for shoes, including admin panel authentication and user session management.
 - Integrated JavaScript actions for form validation, image sliders, and interactive UI elements.
 - Debugged and optimized existing PHP code to improve functionality and performance.
 - Designed and optimized responsive UI components using HTML, CSS, and JavaScript.
 - Practiced version control using Git and worked with IDEs like VS Code.
 - Practiced effective problem-solving and debugging techniques.
-

Technical Skills

- Web Development: JavaScript, PHP, HTML5, CSS,
 - Frontend frameworks: Bootstrap
 - Database : MySQL
 - Version Control: Git
 - Tools and IDEs: Proficient in VS Code
 - Strong knowledge of responsive layout design and implementation
 - Understanding of web standards using Artificial Intelligence
-

Projects

1. Ecommerce website – [Demo Link](#)

- Developed a fully functional e-commerce platform using PHP (CodeIgniter 3), MySQL, HTML, CSS, and JavaScript while following the MVC architecture.
- Implemented CRUD operations to manage products, categories, orders, and users efficiently.
- Created an admin panel for product management, order tracking, and user authentication.
